

**TOTAL INSTALLATION AVAILABLE OR DO IT YOURSELF AND SAVE MORE MONEY**

**Dimensions Furnace: 53" H x 27 W x 46" D**  
**Dimensions-Bin: 48" H X 36" W x 52" D**  
**Weight-Furnace: 440 lbs**  
**Weight-Bin: 50 lbs**  
**Plenum Openings: 14"**  
**Heat Exchanger: 14 gauge steel**  
**Fire Pot: Cast Iron**  
**Air Filter: 20 x 20 x 1**  
**Bin Capacity: 14 Bushels**  
**Combustion Blower: 60 CFM**  
**Hot Air Blower: 1/3 HP- 3 spd.**  
**BTU's: 100,000**  
**Thermostat Controlled Clearance to Combustibles:**  
**Top: 32" Front: 30"**  
**Side: 6" Rear: 18"**

**Corn Forced Air Information**

**Benefits:**

- Can connect to existing ductwork.
- Can be standalone.
- A bushel is worth 5 gallons of gas.
- Low maintenance
- Natural draft runs like a wood furnace.
- Start in the fall and shut off in the spring.
- Thermostat control for energy savings and comfort.
- Fuel is used before taxes for extra savings.
- Energy efficient.

**After Incentives \$2199.00.**  
**Five year savings, thousands in the bank!**

**Dimensions Boiler:**  
**Height: 61"**  
**Diameter: 22"**  
**Dimensions-Bin:**  
**Height: 48"**  
**Width: 36"**  
**Depth: 52"**  
**Weight-Boiler: 510 lbs.**  
**Weight-Bin: 50 lbs.**  
**Flue Pipe: 6" Diameter**  
**Fire Pot: Cast Iron**  
**Bin Capacity: 14 Bushels**  
**Combustion Blower: 60 CFM**  
**Thermostat Control**

**Corn Boiler Information**

**Benefits:**

- System can heat home, in floor, forced air, and domestic hot water.
- Can heat home from garage, utility shed, shop, or basement.
- 1 bushel of corn worth 5 gallons of LP gas.
- Low maintenance
- Natural draft
- Start in fall shut off in spring.
- Ash drawer dumps 1-2 weeks.
- Thermostat control for energy savings and comfort.
- Fuel is used before taxes for extra savings.
- Offline from big oil for heating.
- Energy efficient
