

MODEL 700

70 GRAINS OF HARDNESS PER GALLON

*Low Profile
Smaller is Smarter*

Why buy a Water Boss?

- Reduces Chlorine taste and odor, which prolongs the life of your resin bed. Chlorine is a poison.
- Quick regeneration only 17 Minutes Looks for 20 minute period when not in use.
- Only uses 2 ½ pounds of salt during regeneration.
- Digital display gallons of soft water available before next regeneration.
- Power clean option to clean resin bed . Great option if you have high iron in your water
- Easy installation Comes with test strips, also do it yourself DVD
- Full 1" piping so it doesn't restrict water pressure
- Great factory support. 1-800-437-8993
- Uses as little as 14 Gallons of water and only 3 pounds of salt per regeneration
- Use pellet or solar salts. Holds 3-40 pound bags of salt which last approximately 64 regenerations.
- Regenerates on demand which prolongs the life of the unit. Looks for 20 minute period when not in use.
- Built in filter, whisper quiet operation, bypass built in
- Uses as little as 14 gallons of water to regenerate. Others use 50-70 gallons. 10 year warranty on valve body, media tank and cabinet. 3 years on all parts!
