

Studio Direct-Vent Fireplaces Heater Rated Premium and Luxury

Luxury Studio DVX42DP Direct-Vent Fireplace with Braided Arch Decorative Front and Marquis Arch Doors in Matte Black with Banded Brick Liner, White Small Crown Mantelshelf, and Custom Tile Surround.

White Mountain Hearth – The Pinnacle of Efficiency

Studio Series

White Mountain Hearth

Our Studio Series Fireplaces create an attractive, clean-face look but deliver the convenience and efficiency of a modern, direct-vent heat source. These exceptional fireplace systems are rated at up to 82-percent AFUE and up to 37,500 Btu input.

Choose a Fireplace

Studio Series Fireplaces are available in Premium Models – featuring tempered glass, automatic blower, and a four-piece log set mounted on a Slope Glaze Burner – and in Luxury Models – featuring ceramic glass (for better heat transfer), dimmer-controlled interior lighting, automatic blower, and a 13-piece log set atop the larger Slope Glaze Excess Burner.

Within the Premium and Luxury lines, you choose the technology: remote-ready Millivolt, Intermittent Pilot (which eliminates the standing pilot for even greater efficiency, but requires 110 V to operate), or RF (which includes a thermostat remote that automatically adjusts flame height and blower speed to maintain your ideal temperature setting – also requires 110 V.)

We offer both Premium and Luxury fireplaces in 36-inch and 42-inch and in LP and Natural.

Fireplace	Btu (LP/Nat)	Available Liners	Venting
Premium 36	27,000/25,000	Aged Brick, Herringbone, Stacked Limestone	4 x 6 5/8 (LP: top-vent only)
Premium 42	28,000/28,000	Aged Brick, Herringbone, Stacked Limestone	5 x 8
Luxury 36	30,000/35,000	Banded Brick, Stacked Limestone	4 x 6 5/8 (top-vent only)
Luxury 42	35,000/37,500	Banded Brick, Stacked Limestone	5 x 8 (top-vent only)

Choose a Clean Face Decorative Front

Complete your Studio Series Fireplace with a Clean Face Decorative Front, in one of three distinct designs – Tiffany Arch, Braided Arch, and the rectangular Arts and Crafts.

Constructed from 12-gauge steel and finished with durable heat-resistant coatings these attractive Decorative Fronts will provide a lifetime of enjoyment.

The optional Marquis Arch Doors and Arts & Crafts Rectangle Doors add depth and drama. Made from 11-gauge steel, these operable doors are fitted with screens to enhance the wood-burning fireplace appearance.

DVX42DP Direct-Vent Fireplace with Braided Arch face in Matte Black, Banded Brick Liner, White Small Crown Profile Mantelshelf, and custom tile surround.

Decorative Fronts

Choose a Fireplace Liner

No fireplace is complete without a liner. Available for Premium and Luxury fireplaces, our ultra-realistic Stacked Limestone design features irregular-shaped stones that recreate the look and feel of a rustic cabin fireplace.

Our Herringbone liners (for Premium models only) feature burnt umber bricks in a herringbone pattern with smoked accents. The look is both contemporary and classic.

Our Aged Brick features brown bricks in a running bond course with charcoal mortar, and smoke accents.

Our Banded Brick liners (for Luxury models only) feature dark "creamed coffee" bricks in a running bond course, plus an accent band of diagonal bricks.

All of our liners are made from ceramic fiber and hand painted for rich natural coloring.

Clean Face Options - include appliqués

Tiffany Arch

Braided Arch

Arts & Crafts

Decorative Doors - include handles and hinges

Marquis Arch Doors
(for use with Braided and Tiffany style faces)
